

# Warrior Five Is Cut To 13

Wakefield basketball coach Robbie Robinson, has his squad out to its prespective limit for the coming 1954-'55 season, with 13 boys on the roster.

Having run a practice scrimmage against Priory last week, the Warrior coach was given the opportunity to witness his club in action against outside competition for the first time, and as was expected, depicted many points of play that

must be worked upon to give the Green and White a victorious season.

All was not to find fault with however, as in the game, in which no score was kept officially, Robbie was highly impressed with the backboard play of big Al Lederle, in his first year with the squad. John Gibson made a good show with his variety of hooks and jump shots, while Don Richards was also pointed out for his ability to drop in outside set shots.

Other schools will be contacted for scrimmages such as with Priory before the opening contest next month, meanwhile coach Robinson will continue teaching fundamentals, which are stressed by all coaches throughout the season, as well as drills on free throws, shooting and team scrimmages.

Junior varsity coach Maynard Haithcock is steadily building his squad, and currently has 18 players listed, but expects to have a few cut before opening game.
